## The Company

Thank you for your interest in our Company.

We are a group of people who complement each other well and have a single idea: Sticky notes of high quality with plenty of options.

This is why we established moynd in 2005. The excellence of our operational equipment allows us to turn any type of paper into sticky notes. Plus, our sticky notes are distinguished by their inherently stable and persistent adherence to any material. Even writing on the sticky side is no problem with our products.

We manufacture our products in Germany ourselves. As we can turn anything that can be produced at a printing plant into sticky notes, we also coat pre-printed sheets for printing shops.

We'll be pleased if you like the products that appear in our website. Please do not hesitate to request samples and/or have us prepare a quotation for you.

## myStick – sticky notes

### myStick - classic

50(sticky side) x 75 mm  
68(sticky side) x 75 mm  
75(sticky side) x 75 mm  
100(sticky side) x 75 mm  
100(sticky side) x 100 mm

**paper:** Soporset Preprint, ca. 80 g/m<sup>2</sup>, bright white

**number of sheets:** 25 sheets | 50 sheets | 100 sheets

**printing colours:** CMYK (Euroscale), Pantone or HKS

# myStick special shaped

Give your sticky notes their own shape.

A shaped design increases awareness and gives your sticky notes its own special touch. So you are able to give your sticky note a pictorial connection to your company. Don't hesitate to ask us about our extensive collection of existing shapes. Also you can create your own individual shape. We will be happy to help you with the technical implementation.

**paper:** app. 80 sqm Offset high white or coloured paper

**number of sheets:** 25 sheets | 50 sheets | 100 sheets

**printing colours:** CMYK (Euroscale), Pantone or HKS

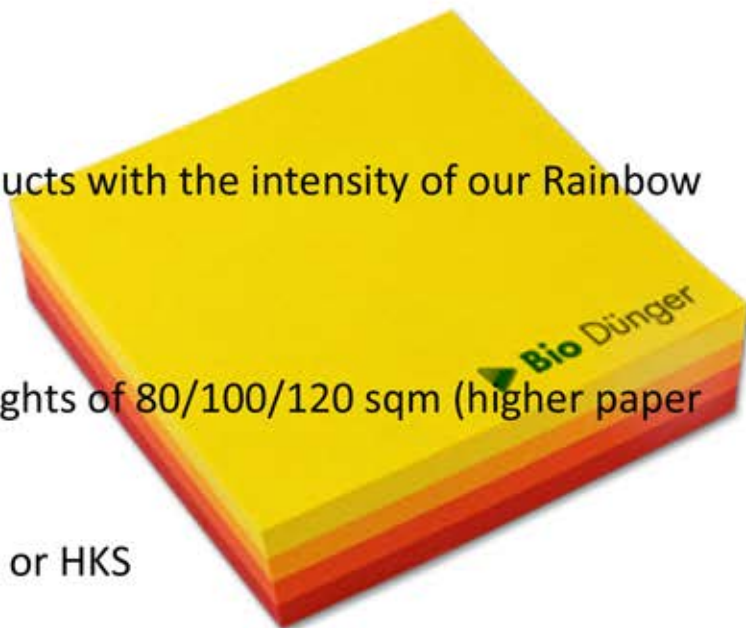

## myStick coloured paper

Let colours speak and you present your products with the intensity of our Rainbow colours.

**paper:** Rainbow (coloured paper) paper weights of 80/100/120 sqm (higher paper weights available on request)

**printing colours:** CMYK (Euroscale), Pantone or HKS

## myStick with fragrance

You can give your sticky notes a nice fragrance, for example strawberry, lavender, coffee dream, cappuccino, chocolate, cinnamon... and much more.

The fragrance supports your advertising messages. – the fragrance registers stronger in memory than a slogan.

**paper:** appr. 80 sqm Offset high white or coloured paper

**printing colours:** CMYK (Euroscale), Pantone or HKS
